

Coach Excellence School for Leaders

Will you coach me?

This is a question today's leaders will be challenged to answer. Millennials make up the largest workforce cohort. This group has a strong desire to communicate their ideas and have open dialogue. They are accustomed to receiving an overflow of feedback in the form of comments, likes, loves, and shares. In order to attract and retain this generation of talent, leaders will be called to coach.

Will it be you?

The Coach Excellence School® curriculum is based on the Principle-Centered Coaching® system, proven effective for more than nineteen years.

This innovative program has been designed and continues to be enhanced by master coaches, executive coaches and professionals.

The facilitators are committed to delivering the best mediums for coach training, e.g., in-classroom experiential learning, individual coaching, group coaching, mentorship, proficiency assessments and opportunities to practice throughout the program.

We develop, design and deliver a customized learning experience that aligns with the unique mission, vision and values of your organization.
